

ASSOCIATE OF SCIENCE ACCOUNTING

Start small...go far with Dakota College at Bottineau.

Accountants provide tax services, conduct audits, or can provide financial or managerial accounting services. Get started on your education by earning an Associate of Science degree in Accounting at Dakota College at Bottineau. Students in this program will learn auditing, business strategy, information systems, economics, and accounting. All of these components will make you highly qualified to run your own business or manage one for an employer

Why study accounting?

Graduating with a degree that leads to employment is important to your future. The demand for accounting graduates is always high because of the number of career opportunities available to them. Companies in every industry are looking for professionals who have quantitative skill, specialized knowledge of varied accounting topics and techniques, and a strong understanding of the business industry.

Career choices

- Accountant
- Auditor
- Financial consultant
- Payroll administrator
- Tax advisor
- Actuary
- Bookkeeper
- Financial examiner
- Risk assessor
- Treasurer

General education requirements

These required classes will allow you to transfer to a four-year university.

Core accounting classes

You will study accounting, economics, business in the legal environment, management, and spreadsheet applications

“I enjoy the small class sizes at DCB. It allows me to receive one-on-one attention from all of my instructors.”

— Zach Garret
Creighton, SK
