Course Prefix/Number/Title:

PLSC 273 Arboriculture

Number of credits: 3

Course Description:

Students taking arboriculture will learn how to properly care for trees and shrubs. They will also learn about the biology, development, and growth of woody plants. A main focus of this course will be on modern principles of plant health care.

Pre-/Co-requisites:

None

Course Objectives:

Students will:

- Gain an understanding of plant structure and function.
- Be able to describe the benefits of trees.
- Learn how to plant and maintain trees.
- Learn how to diagnose and manage problems with trees and shrubs.

Instructor:

Mark Pomarleau

Office:

Molberg Center Room 26

Office Hours:

MWTh 10:00-12:00

Phone:

701-228-5489

Email:

mark.pomarleau@dakotacollege.edu
Lecture/Lab Schedule:

MW 2:00 – 2:50
F 2:00 – 3:50

Textbook:

Title: Arboriculture
Author: Richard W. Harris, James R. Clark, and Nelda P. Matheny
Publisher: Pearson Prentice Hall
Edition/Year: 4th Edition
ISBN: 0-13-088882-6

Course Requirements:

12 reading assignments.
12 quizzes ranging in length from 10 to 76 points will be given for a total of 438 points.
A midterm and final test each worth 50 points.
538 points total for class.

Grading will be on the 90-80-70-60% grading scale.

Tentative Course Outline:

Topic 1
Chapter 1 – Introduction to Arboriculture

Topic 2
Chapter 2 – Plant Structure and Function

Topic 3
Chapter 2 – Plant Structure and Function

Topic 4
Chapter 2 – Plant Structure and Function

Topic 5
Chapter 3 - Site Evaluation: Climate and Environment

Topic 6
Chapter 4 - Planting Site: Soil and Water

Topic 7
Chapter 5 – Benefits of Trees

Topic 8
Chapter 6 – Plant Selection
Arboriculture is the cultivation of trees and shrubs. By planting trees and shrubs in our cities, near our homes, and in rural areas, we are utilizing their natural ability to clean the air, temper high winds, and cool our homes. Technology in arboriculture includes new techniques for planting, watering and pruning, along with the constant improvement of the tools used to perform these tasks. As we look to the future, trees become even more important in the face of a gradually warming planet and the effects it will have on people everywhere.

Classroom Policies:
Please turn the ringer off of all cell phones. If a message is urgent, leave the classroom to take the call.

Student Email Policy:
Dakota College at Bottineau is increasingly dependent upon email as an official form of communication. A student’s campus-assigned email address will be the only one recognized by the campus for official mailings. The liability for missing or not acting upon important information conveyed via campus email rests with the student.

Academic Integrity:
Discussion among students during class projects is encouraged, however all tests are meant to be done entirely by the student. Any instance of cheating while taking a test will result in an automatic “F” for the test, and a possible “F” for the course.

Disabilities and Special Needs:
If you have a disability for which you need accommodation, contact the Learning Center to request disability support services. Thatcher Hall 1104; 701-228-5477 or toll-free 1-888-918-5623.
