Lab Schedule: 8:00 - 9:50 am on Thursday in NSC 128 or by arrangement

Textbook: Anatomy and Physiology, Thibodeau and Patton, 8th Edition

Lab Manual: Anatomy and Physiology Laboratory Manual, K. Patton, 7th Edition

Course Requirements:

Grading is based on a standard college curve, where students earn a grade based on the percent of total possible points they obtain. The lecture component of this course consists of approximately 900 points (12 drop quizzes @ 5 points each, 50 points for assignments, 3 lecture exams @ 200 points each, and one final exam @ 200 points). Lecture points are added to laboratory points (about 300 points) to obtain the total points possible for the course (about 1200). (Note: Adjustments may be made to lecture and/or lab points so that the lecture constitutes 3/4 of the total points for the course.) There is a one week grace period to make-up any missed exam. Any missed exam not made up within the allotted time will be given a zero. Makeup exams may be of an essay nature and are usually considered more difficult. It is the responsibility of the student to schedule any make-up exam during a time convenient for both student and instructor. Make-ups are not allowed on drop quizzes, however, the lowest two quiz scores will be dropped. Final letter grades are assigned based on the following criteria:

- A = 89.5-100% of the total points
- B = 79.5 - <89.5% of the total points
- C = 69.5 - <79.5% of the total points
- D = 59.5 - <69.5% of the total points
- F = <59.5% of the total points
