

## **INTRDUCTION TO STUDIO ART**

**Course Prefix\number/title: Art 101-1(21586)**

**Number of credits: 3 semester credits**

**Course description:**

Introduction to studio art exposes students to various media and techniques that prepare students for in depth study of studio art in specific areas. Students will gain an understanding of the elements of art as well as, principles of organization.

**Pre-/Co-requisites:** None

**Instructor:** Terry Jelsing

**Office Hours:** After class

**Phone:** 776-7606

**Email:** [tjelsing1@gmail.com](mailto:tjelsing1@gmail.com)

**Lecture schedule:** 6:30-9:00 PM Monday

**Studio Work Times:** tba

**Textbook:** None

**Course Requirements:**

This is a participatory lecture/practicum studio course and students are required to attend all classes for a final grade. Students may have up to three excused absences for illness or extracurricular activities but will complete all coursework missed. If a student misses more than the three excused classes their grade will drop one half letter grade for each additional absence. Student critiques are to be regarded as tests in this class and will be assigned an effort grade for work completed. Final grades will be determined by overall effort, attention to detail when completing assignments and periodic quizzes that test material learned. Students will write one short paper on the life of an artist or an art movement. Late attendance is disrespectful and is understood as lack of effort. Be on time.

### **General Education Goal and Objectives:**

Goal:

The goal of this course is to provide students with opportunities to explore various visual art mediums and concepts in preparation for advancement into specific areas of interest in the visual arts.

Objective:

- \* To learn and understand the elements of art ie: line, shape, color, texture, value, space, form.
- \*To explore parent mediums such as ceramics/clay modeling, painting, design, drawing, sculpture.
- \* To practice accurate and safe work methods and preparation.
- \* To apply technical methods and information learned in class exercises into larger comprehensive projects that reference some aspect of students own life.

### **Classroom Policies:**

- \* Cell phones, ipods, and related technology are prohibited in the classroom at all times. It is recommended that you do not bring your cell phone to class.
- \* Food and beverages are permitted in accordance with IVN classroom policy.
- \* Be respectful of other students, technicians, instructors, and guests.

### **Academic Integrity:**

All students are expected to adhere to the highest standards of academic integrity. Dishonesty in the classroom with assignments, quizzes and tests is a serious offence and is subject to disciplinary action by the instructor and college administration. For more information refer to the student handbook.

### **Disabilities and special Needs**

If you have a disability for which you may be requesting an accommadation, you are encouraged to contact your instructor and Jan Nahinurk in the Learning Center 9228-5479) as early as possible during the beginning of the semester.
