Tentative Course Outline:

Weeks 1- 4
Residential Design

Weeks 5-8
Commercial Design

Weeks 9-12
Park Design

Weeks 13-16
Students Choice

Relationship to Campus Theme:

Landscape design requires an appreciation of **nature** in order to design sustainable landscapes able to thrive under harsh urban conditions. Students will use CAD **technology** as a tool in designing these landscapes. “**Beyond**”, is the use of imagination to design spaces which will look and feel natural to those utilizing them.

Classroom Policies:

Please turn the ringer off of all cell phones. If a message is urgent, leave the classroom to take the call.

Academic Integrity:

Collaboration among students during class projects is encouraged, however all assignments must consist of the students own work. Any instance of copying another student's files and trying to pass them off as your own will result in an automatic "F" for the project, and a possible "F" for the course.

Disabilities and Special Needs:

If you have a disability for which you need accommodation, contact the Learning Center to request disability support services. Thatcher Hall 1104; 701-228-5477 or toll-free 1-888-918-5623.
