

COLLABORATION/ARTICULATION AGREEMENT

Between

VALLEY CITY STATE UNIVERSITY
Division of Business and Information Technology
Career and Technical Education Program
Bachelor of Science Degree

And

DAKOTA STATE COLLEGE at BOTTINEAU
Associate in Applied Science Degree

VALLEY CITY
STATE UNIVERSITY

DAKOTA COLLEGE
AT BOTTINEAU

This agreement has been entered into by Valley City State University (VCSU) and Dakota College at Bottineau (DCB). The purpose of this agreement is to facilitate credit transfer and provide a smooth transition from Associate in Applied Science to a Bachelor of Science in Career and Technical Education. The attached document describes the required program of study at VCSU for students to earn a Bachelor of Science degree in Career and Technical Education in the Management/Leadership Option or the Teaching Option. Also attached is the required program of study at Dakota College at Bottineau for students to earn the Associate in Applied Science degree.

Because each student has unique career goals, these programs are designed with built-in flexibility allowing students to choose courses to suit their personal needs. Combining previous apprenticeship training, internship training and Prior Learning Assessment (PLA) with successfully completed college credit course work, students will first be awarded an Associate in Applied Science degree, then a Bachelor of Science degree in Career and Technical Education with an option in Management/Leadership or Teaching.

For students currently employed or unable to relocate to take on-campus courses, many of the classes are offered online or at alternative sites.

Steps:

1. Complete a Dakota College at Bottineau Associate in Applied Science degree.
2. Apply to Valley City State University to earn a Bachelor of Science Degree in Career and Technical Education – Management/Leadership Option or Teaching Option.
3. Transfer credits earned from the Dakota College at Bottineau AAS degree to apply toward the Bachelor of Science degree.
4. Graduates under this program would earn a Bachelor of Science degree in Career and Technical Education with an option in Management/Leadership or Teaching.

Note: The Teaching Option qualifies graduates to teach at the post secondary (college) level. To teach at the secondary (high school) level, the graduate would have to earn a Bachelor of Science in Education degree in Career and Technical Education. This agreement does not include the Bachelor of Science in Education Degree.

Dakota College at Bottineau

Associate in Applied Science (AAS) Degree

The Associate in Applied Science degree combines career and technical course work with academic course work. In the career and technical specialty field, the degree prepares students for employment. The academic area provides a broader education than would be available in a certificate or diploma program but less than in the Associate in Arts and Associate in Science Degree.

Course Code	Course Title	Credits
<i>General Education Courses</i>		
ENGL 110 or COMM 110		3
Humanities and/or Social Sciences		3
Math, Science, or Computer Science		9 *
Wellness		<u>1</u>
Total		16
 <i>Technical Specialty Courses and Electives</i>		
		<u>45**</u>
Total Required Credits		61***

COMM 360	Group Dynamics	3

Electives:(8 – 22 credits)

Notes:

- A minimum of 120 total credits are required for a Bachelor’s degree and must be taken from the appropriate categories.
- Credit hours earned at DCB as electives could be used to fulfill some of the requirements of the Management/Leadership Option.
- Credit hours earned at DCB that do not meet general education requirements, technical specialty requirements or management/leadership option requirements will be used for electives courses.
- Career-Technical Education majors must complete 12 semester hours from Valley City State University.
- Bachelor degrees must complete a minimum of 30 upper division semester hours at the 300 and 400 course level. Career and Technical Education majors complete an area of technical specialty in lieu of this requirement.

- As part of VCSU graduation requirements, students must develop a digital portfolio that illustrates the best evidence of meeting the abilities and skills requirements for their degree. VCSU recommends students enroll in BUSI 491 Senior Portfolio for 1 semester credit to assist them in developing their digital portfolio.
- Students that enter the program with an Associate of Arts (AA) degree or an Associate of Science (AS) degree will have their general education requirements completed unless a general education course is specific for the BS degree.

**Teaching Option Requirements
(Credits Remaining – 13)**

Technical Specialty (0 credits)
