Core Component 1.A. The institution’s mission is broadly understood within the institution and guides its operations.

- Current mission formally approved by the State Board of Higher Education in 2008.
- Focus on small, personal connection while acknowledging natural resources roots.
- 2017-2018 academic year: Mission reviewed by Senates (faculty, staff and students) with renewed support offered by all three groups.
- DCB’s academic programs promote engaged learning, utilize technology, and provide a quality education.
- Student support services provide financial aid, admission support, mental health counseling, housing, health services, advising, academic and career counseling, disability services and tutoring to facilitate individual growth and success.
- Growing distance education numbers diversify modes of student engagement.
- Diversity is further reflected in the 28% of DCB students who self-identified as an ethnicity other than white. The Diversity Committee, TRiO Program, and Cultural Diversity Waivers, provide support and understanding.

- DCB Mission links to the DCB Master Plan. The new dining center, and facility improvements to Nelson Science Center highlight support services providing opportunities for individual growth and success and providing a quality education in a caring environment.

Core Component 1.C. The institution understands the relationship between its mission and the diversity of society.

- Diversity is listed among DCB’s Core Values.
