Discover Sign Language

Gain confidence in your ability to sign with the Deaf community. This course immerses you in silence to help you gain an understanding of the perspective of the hearing impaired and uses videos to demonstrate not only how to make signs, but how to communicate with facial expression.

Technology Requirements: PC or Mac computer

Start Date: June 17 (6 weeks long)

Instructor: Erin Trimble holds a Bachelor of Science in American Sign Language/English Interpreting from William Woods University and a Master of Arts in Interpreting Studies degree from Western Oregon University. Since 2003, Trimble has been professionally interpreting across a variety of settings including education, community, and medical. She has been both a staff interpreter and a freelance interpreter.

Cost: $95

TEAS Prep Series

Nursing is a high-demand but competitive field. Entering the profession starts with nursing school, and admission to nursing school partially depends on your Test of Essential Academic Skills (TEAS) exam score. Many nursing schools use this standardized exam to evaluate a candidate's reading, math, science, and English and language skills. Our TEAS Prep Series will prepare you for all aspects of the TEAS exam. TEAS Prep 1 focuses on Reading and English and Language Usage. TEAS Prep 2 focuses on Mathematics and Science. You will also learn valuable study skills, practice sample exam questions, and establish a test taking strategy for exam day.

Series bundles are not eligible for partial drops or refunds. Transfers to other open sessions of the same course are available.

Technology Requirements: PC computer only, Mac OS not compatible

Start Date: June 17 (48 course hours)

Cost: $199

Introduction to PC Security

Learn why you're at risk and what you can do to protect your precious personal and business data from the outside world. In this course, a security expert will teach you the fundamentals of PC and network security as you learn to install and configure a firewall to build an impenetrable moat around your computer or network.

Technology Requirements: PC or Mac computer

Start Date: June 17 (6 weeks long)

Instructor: Debbie Mahler has worked for 15 years in the computer repair industry and runs her own IT business. She teaches on a wide range of business-related topics at the university level and has written six books on the business. She also contributes to several publications. Mahler holds a Bachelor of Art in Applied Behavioral Psychology and the title of Symantec Software Partner and Security Specialist.
