Introduction: This articulation agreement formally recognizes that Valley City State University (hereinafter VCSU) and Dakota College Bottineau (hereinafter DCB) are educational institutions which agree to work together to provide educational opportunities for the students of their institutions.

Purpose: The purpose of this agreement is to provide a seamless articulation of credits for students who earn an Associate in Arts or an Associate in Applied Science Degree from DCB to transfer to VCSU in order to earn a Bachelor of Science or Bachelor of Arts with a major in Exercise Science and Leisure Studies--Strength and Conditioning Specialist from VCSU.

Directive electives in VCSU’s Exercise Science and Leisure Studies--Strength and Conditioning Specialist program allow students the flexibility they need to plan their academic program and to meet their career goals. The courses completed at DCB may result in an AS or AA degree, but they also constitute the first two years of the Bachelor Degree in Exercise Science and Leisure Studies--Strength and Conditioning Specialist at VCSU. The core requirements in the Exercise Science and Leisure Studies--Strength and Conditioning Specialist degree program include courses as required and recommended. This structure ensures students are well prepared for their planned career path upon graduation with a Bachelor of Science or Bachelor of Arts in Exercise Science and Leisure Studies--Strength and Conditioning Specialist.

Steps:
1. Complete the DCB Associate in Arts or Associate in Science degree.
2. Apply to Valley City State University’s Exercise Science and Leisure Studies—Strength and Conditioning Specialist program.
3. Once accepted into VCSU, students will apply to the Exercise Science and Leisure Studies—Strength and Conditioning Specialist program the fall semester of their first year on VCSU’s campus.
4. Students must complete a minimum of 30 hours of upper level (300-400 level) credit from VCSU to complete graduation requirements from VCSU.
5. Graduates under this program would earn a Bachelor of Science or Bachelor of Arts degree with a major in Exercise Science and Leisure Studies—Strength and Conditioning Specialist.

Note: The Bachelor of Arts degree requires completion of 16 additional credits of Language/Cultural Studies block. There may be remaining upper division general education requirements to complete after transferring to VCSU.

Motivating Principles and Values:
1. Students will be well served by the partnership and the high quality program offered through this agreement.
2. This partnership will benefit the educational needs of the region by providing graduates of high quality.
3. Both campuses seek to maintain compliance with state and national accreditation guidelines to ensure quality.
