

Bottineau Community Rocks - Special Event!

Tuesday, May 27th

6:00—7:00 pm

Bottineau County Historical Museum
522 Sinclair St. in Bottineau!

Come join us for this FREE event on the Dakota College of Bottineau Campus. Bottineau Community Rocks! is a community and family event for those interested in learning more about geology, minerals, fossils, crystals and more!

We meet once a month in the Alumni Conference Room in Thatcher to hear presentations and speakers, hear of exciting news in the geology realm, discuss our experiences and rockhounding tales, and share the love of geology.

Our May topic is a special event!

Exploring the Geological History of Bottineau!

This month, we'll be making a special trip to the Bottineau Historical Museum and having the museum all to ourselves to explore the geological history of our area! We'll explore various rocks from the county that were found here. Guests are welcome to bring their own finds—let's explore and talk more about the incredible history this town has!

Sponsored by—DCB Community Education and Bottineau Community Rockhounds
