

Course Prefix/Number/Title: EDUC 297: Internship- Paraprofessional Education

Number of Credits: 1

Course Description: An internship is a work experience that earns credits toward a program. Students must work 40 hours to earn one college credit. Placement sites must be approved before registration. The student is responsible for submission of completed internship paperwork. Up to 6 credits can be taken.

Pre-/Co-requisites: Instructor approval and minimum 2.0 GPA

Course Objectives: Upon completion of this course, students will have:

- Completed 40 hours of hands on work experience in the field of education (per 1 credit)
- Complete and submit all required paperwork.
- Communicate with advisor to ensure timely completion of all required tasks.

Instructor: Erika Hamilton, Ed.S.

Office: Thatcher 203

Office Hours: During the summer, office hours are by arrangement. Please contact me via email for the quickest response.

Phone: 701-228-5425

Email: Erika.hamilton@dakotacollege.edu

Lecture/Lab Schedule: online

Textbook(s): None

Course Requirements: An internship is a work experience that gains credits toward a program. This work experience is designed to be more hands-on than the practicum. Students must earn 40 hours for 1 college credit. Placement sites must be approved before registration. The student is responsible for submission of completed internship paperwork.

Tentative Course Outline: To be determined depending on availability with placement sites, cooperating education institutions, and student schedule.

General Education Competency/Learning Outcome(s) OR CTE Competency/Department Learning Outcome(s): Employ industry specific skills in preparation for workplace readiness.

Relationship to Campus Focus: The course addressed the campus theme of Nature, Technology, and Beyond by educating students as paraeducators, teachers, early childhood professionals, and adult caregivers.

Classroom Policies: Please be respectful. Turn in original work, and keep cell phones put away during work experiences.

Student Email Policy:

Dakota College at Bottineau is increasingly dependent upon email as an official form of communication. A student's campus-assigned email address will be the only one recognized by the Campus for official mailings. The liability for missing or not acting upon important information conveyed via campus email rests with the student.

Academic Integrity:

According to the DCB Student Handbook, students are responsible for submitting their own work. Students who cooperate on oral or written examinations or work without authorization share the responsibility for violation of academic principles, and the students are subject to disciplinary action even when one of the students is not enrolled in the course where the violation occurred. The Code detailed in the Academic Honesty/Dishonesty section of the Student Handbook will serve as the guideline for cases where cheating, plagiarism or other academic improprieties have occurred.

Disabilities or Special Needs:

Students with disabilities or special needs (academic or otherwise) are encouraged to contact the instructor and Disability Support Services.

Title IX:

Dakota College at Bottineau (DCB) faculty are committed to helping create a safe learning environment for all students and for the College as a whole. Please be aware that all DCB employees (other than those designated as confidential resources such as advocates, counselors, clergy and healthcare providers) are required to report information about such discrimination and harassment to the College Title IX Coordinator. This means that if a student tells a faculty member about a situation of sexual harassment or sexual violence, or other related misconduct, the faculty member must share that information with the College's Title IX Coordinator. Students wishing to speak to a confidential employee who does not have this reporting responsibility can find a list of resources on the DCB Title IX webpage.

AI Student Policy:

Unless otherwise indicated in the course syllabus, or in individual instructions for course assignments, or in the absence of the express consent of the course instructor, students are not allowed to utilize generative AI to help produce any of their academic work. Any violation of this policy will be considered an act of academic dishonesty as outlined within the Dakota College Code of Student Life.

RESPONSIBILITIES

Students	<ul style="list-style-type: none">• Responsible to follow the syllabus and assignment instructions regarding use of generative AI for all academic work.• Obtain permission of the instructor prior to the use of generative AI that is outside of the syllabus or assignment instructions. Provide appropriate rationale for how the use of generative AI will enhance the learning experience for the assignment.• In instances where generative AI is permissible, appropriately cite the generative AI program used and
----------	---

	<p>indicate where in the assignment it was used, in a brief submission statement.</p>
Faculty	<ul style="list-style-type: none"> • Determine if the use of generative AI could enhance student learning in any assignment or project. • Clearly indicate in all course syllabi if generative AI is allowable for any academic work. • If allowable, give specific parameters for how and when generative AI may be used. • If a violation of generative AI for the individual course/syllabus is suspected, discuss the concern with the student. If violation is still suspected, inform the appropriate semester coordinator/program director.
