

Bottineau Community Rocks!

Tuesday, September 30

6:00—7:00 pm

DCB Campus at Thatcher Hall
Alumni Conference Room

Come join us for this FREE event on the Dakota College of Bottineau Campus. Bottineau Community Rocks! is a community and family event for those interested in learning more about geology, minerals, fossils, crystals and more!

We meet once a month in the Alumni Conference Room in Thatcher to hear presentations and speakers, hear of exciting news in the geology realm, discuss our experiences and rockhounding tales, and share the love of geology.

Our September topic is:

Amazing Agates

This month, we'll explore the fascinating world of agates and the world's obsession with these exciting and beautiful stones. We will identify how they are formed and showcase the unique properties and patterns of varieties from around the world. BRING any agates you would love to show off and talk

Sponsored by—DCB Community Education and Bottineau Community Rockhounds
