

### **Immediate Fall openings**

#### **Looking to enhance your resumé while earning money around classes?**

Vector Marketing is interviewing for entry-level sales rep positions. Representatives have the opportunity to work virtually selling Cutco products through one-on-one appointments that emphasizes customer service. Experience is not necessary because our training is designed to help people do well immediately - as long as someone is willing to learn, they can be successful. If accepted, students can create their own schedule to work around classes.

#### **What we offer:**

- **Excellent pay** – Competitive starting base pay, commissions available based on performance
- **Solid training** – We teach our reps how to do well in this role *before* they start, and offer continued support and additional training as time goes on.
- **Flexible scheduling** – We help our reps create a schedule that works for them. Some work as much as possible while others choose to be super part time around other commitments.
- **Work from Anywhere**– Most interviews and training take place online through virtual platforms, reps can conveniently work from home.

### **About Vector Marketing**

Best place for a student to build their resume, gain skills, and network.

Vector Marketing has been successfully helping students with little or no professional experience develop the kinds of skills that can help them excel in any career – and we’ve been doing it for more than 40 years. Our belief is that focusing on the success of our people will lead to the success of our company. “The knife thing” gives them so much more than just a positive income and impressive resume. The experience our representatives gain while selling our product, Cutco Cutlery, help them stand out in job interviews across a wide spectrum of career paths and industries. We’re proud of that. But just as important to us is the personal development so many of our people experience while working with us. Whether a student works with us only while they’re in school, or chooses to pursue a career position after graduation, our alums often share that the lessons they learned from their time with us benefit them for the rest of their lives.
