

Overview of FSA ID Changes:

Major changes to the 2024–25 FAFSA[®] form include the following:

- · An FSA ID (account username and password) required to access the FAFSA form
 - Users without a Social Security number can create an FSA ID and access the FAF\$A form.
- A roles-based FAFSA form
 - Roles = Student (Applicant), Parent and Other Parent(Contributor), Student Spouse (Contributor) and Preparer (Contributor)
 - Contributors must provide the required information and sign their respective section for a FAFSA form to be considered complete.
 - Once all required data has been provided and all sections have been signed, any role can submit the FAFSA form

Cont'd:

The following are key features of the FAFSA® form on StudentAid.gov:

- Integration to allow users' federal tax information to be retrieved and transferred directly into the FAFSA form via IRS Direct Data Exchange (DDX), replacing the IRS Data Retrieval Tool.
- Replacement of the Expected Family Contribution (EFC) with the Student Aid Index (SA)
- Dependent students must invite their parent(s) to contribute to their form.
- Independent students and a dependent student's parent must invite their spouse to contribute to the student's form if spouse information is required.
- Students and contributors must provide <u>consent</u> to retrieve and disclose federal tax information from the IRS for the student to be eligible for federal student aid.
- There is no longer a benefit for having siblings in college. The SAI will not use the number in college as a factor in calculation of eligibility. As such, students with siblings in college may see a change in their aid eligibility.

Depende	ent Student Roles

Students will be able to make corrections and updates at this time, the school will not be able to make any corrections.

If additional information is needed, or a student is chosen for verification, the school will not be reaching out to the student until a .
