FARM MANAGEMENT INSTRUCTOR

I work directly with family farm and ranches to help them analyze their finances, make informed business decisions, and plan for long-term success. My goal is to provide practical tools and guidance that strengthen both farm operations and overall profitability.

WORK EXPERIENCE

Farm Management Instructor, Dakota College at Bottineau June 2021 - Present

- Conduct regular one-on-one sessions with enrollees to ensure they are effectively applying
- accounting and financial management techniques.
- Guide participants through comprehensive business analysis and planning processes to
- improve their agricultural operations.

Quality Documentation Associate, Anchor Ingredients June 2017 - June 2021

- Delivery of quality customer support to over 60 customers and vendors across North America
- Development of, continuous improvement, and execution of training of facility food safety programs ensuring requirements are met.
