
Campus Communications

Please continue to follow DCB's home page for continuous updates on COVID-19.

The health and well-being of our entire community of students, faculty, and staff is our highest priority.

To DCB staff and faculty,

The message below was sent to our DCB students regarding what to do if you are sick, COVID-19 guidance, and information are available from the student health nurse and will continue to work to support our students during the COVID-19 pandemic. This is good information for staff and faculty as well if you become sick or have questions and concerns.

Message to students:

- In order to support students during the Coronavirus (COVID-19) pandemic, DCB student health will be providing limited services to students until further notice. Please contact the student health nurse (701-228-5460) if you have questions. Follow the DCB home page link (www.dakotacollege.edu/coronavirus) for up to date information for the most recent related COVID-19 updates, including questions and answers about COVID-19.
 - Stay home if you feel sick.
 - If you have symptoms (fever, cough, or shortness of breath) call your provider. You can also call the NDDoH COVID-19 Hotline at 1-866-207-2880 for questions or concerns.
 - Please call prior to visiting your medical provider.
 - The student health nurse does not collect or test for COVID-19.
- DCB student health nurse is here for you if you have questions. Information about COVID-19 is rapidly evolving. For the most up to date information and guidance, go to the [Center for Disease Control](#) and [North Dakota Department of Health](#) COVID-19 webpage. The [World Health Organization](#) is also a useful source of information.

Watch for symptoms

Reported illnesses have ranged from mild symptoms to severe illness and death for confirmed coronavirus disease 2019 (COVID-19) cases.

The following symptoms may appear **2-14 days after exposure**.

- Fever
- Cough
- Shortness of breath

*This is based on what has been seen previously as the incubation period of [MERS](#)-CoV viruses.

Susan Indvik BSN, RN – Campus Nurse
