

## ASSOCIATE OF SCIENCE

# **Veterinary Science**

The veterinary science program at DCB provides a general education based curriculum for students perusing a career in veterinary medicine. The curriculum relies heavily on courses in the biological sciences, chemistry, and math as well as the general education component of the Associate of Science degree. Upon completion of the program students should be prepared to continue toward their bachelor's degree and subsequent acceptance into a program in veterinary medicine.

#### **Career choices**

Graduates of veterinary medical schools can apply their degree to a variety of careers. Some examples include:

- Private practice veterinarian/veterinarian assistant
- · Corporate veterinary medicine
- Research
- Teaching

#### **General education requirements**

Completion of the Associate of Science degree with the biological sciences curriculum will meet the North Dakota University System's GERTA (General Education Requirement Transfer Agreement) requirements.

#### Core program classes

- BIOL 150/151 General Biology I and II
- BIOL 170 General Zoology
- BIOL 202 Microbiology
- CHEM 121/122 General Chemistry I and II
- CHEM 241/242 Organic Chemistry I and II
