

ASSOCIATE OF SCIENCE

PRE-ENGINEERING

Start small...go far with Dakota College at Bottineau.

Dakota College at Bottineau students who take pre-engineering courses before transferring to a four-year university will save money while having personal attention in the classroom. We provide students with a quality education in a caring environment, promoting engaged learning for employment and university transfer.

Why study pre-engineering?

If you are interested in pursuing a bachelor's degree in engineering, the Pre-Engineering Partnership (PrEP) Program may be ideal for you. The PrEP Program is designed to facilitate your transition into an on-campus or online bachelor's degree program at UND. Through the PrEP Program, you may complete some of UND's introductory engineering courses while attending Dakota College at Bottineau and finishing your associate's degree. By completing pre-engineering courses prior to transferring to UND, you may be able to reduce the time and money it will take for you to graduate with your bachelor's degree.

Career choices

- Aerospace engineer
- Automotive engineer
- Chemical engineer
- Electrical engineer
- Petroleum engineer
- Agricultural engineer
- Biomedical engineer
- Civil engineer
- Geological engineer
- Software engineer

General education requirements

Typically, If you plan to transfer to an engineering bachelor's degree program from Dakota College at Bottineau, you will complete courses in math, basic science, English, humanities, and social studies as part of your college's general education and associate's degree requirements. At the same time you are taking these DCB courses, you also may enroll in UND-provided pre-engineering courses (100 and 200 level) to prepare for the upper-division engineering courses (300 level or above) that you will take as part of your UND bachelor's degree program.

Core classes

Prior to being admitted to UND's professional engineering degree program and taking upper-division engineering courses, you must complete foundation courses in chemistry, English, engineering, math, and physics with a grade C or better. And what better place to take these courses than at Dakota College at Bottineau where you will have small class room sizes, one-on-one interaction with your professors, and hopefully, will score great grades.

“I enjoy the small class sizes at DCB. It allows me to receive one-on-one attention from all of my instructors.”

— Zach Garret
Creighton, SK

COURSES REQUIRED

Pre-Engineering (AS)

Freshman Year	Fall	Spring
CSCI 101 Introduction to Computers	3 cr	
CHEM 121 General Chemistry I	4 cr	
ENGL 110 College Composition I	3 cr	
MATH 165 Calculus I	4 cr	
Art/Humanities Elective	3 cr	
CHEM 122 General Chemistry II	4 cr	
ENGL 120 College Composition II	3 cr	
MATH 166 Calculus II	4 cr	
Art/Humanities Elective	3 cr	
Social Science Elective	3 cr	

Sophomore Year	Fall	Spring
MATH 265 Calculus III	4 cr	
PHYS 251 University Physics I	5 cr	
Social Science Elective	3 cr	
Wellness Elective	1 cr	
Major Study Area	4 cr	
COMM 110 Fund. of Public Speaking	3 cr	
PHYS 252 University Physics II	5 cr	
Art/Humanities Elective	3 cr	
Wellness Elective	1 cr	
Major Study Area	5 cr	

All courses subject to change.
