

ASSOCIATE OF SCIENCE

PRE-VETERINARY SCIENCE

Start small... go far with Dakota College at Bottineau.

The Pre-Veterinary Science program at DCB provides a general education based curriculum for students perusing a career in veterinary medicine. The curriculum relies heavily on courses in the biological sciences, chemistry, and math as well as the general education component of the Associate of Science degree. Upon completion of the program students should be prepared to continue toward their bachelor's degree and subsequent acceptance into a program in veterinary medicine.

Career choices

Graduates of veterinary medical schools can apply their degree to a variety of careers. Some examples include:

- Private practice veterinarian/veterinarian assistant
- Corporate veterinary medicine
- Research
- Teaching

General education requirements

Completion of the Associate of Science degree with the biological sciences curriculum will meet the North Dakota University System's GERTA (General Education Requirement Transfer Agreement) requirements.
